DISCLAIMER

Please note that all of the charter rates quoted are based on standard industry terms according to each individual charter yacht's preferred contractual agreement and generally include the hire of the yacht together with its crew, crew food and the yacht's insurance. All other operational expenses would be for your account (i.e. fuel for the main engines, generators and tenders, port and harbor dues, communication costs, guests' food and drinks, personal laundry, etc) and are charged to the Advanced Provisioning Allowance on board. Delivery fees may be charged to position/reposition the yacht to your chosen final ports. VAT is applicable on the charter fee, depending on the country of the port of embarkation. In Spain it is 21%. All yachts offered are subject to availability and owners final approval.
