Very chic luxury villa on the very chic southwest coast between glamorous marina Porto Portals and the big golf courses around Santa Ponsa; near Palma.

At this coast with its many marinas, golf courses and scene shops, half of the world meets at every step but at home in the holiday villa, everyone wants to have their private rest! Where nowhere was saved on extras, as was also grown with size, space and space: Impressive driveway, large courtyard with columns, palatial entrance portal. Behind is the six-meter-high entrance hall with a glass staircase. From there a 10 meter long bridge leads to the upper floor; the private sleeping area, with master bedroom and second bedroom each with its spectacular en suite bathroom and terrace with sea views.

Equally top-of-the-top is the large living area on the ground floor: 4 beautiful bedrooms, two of them en-suite. The other two share a bath. Air conditioning and underfloor heating in every room. The photos give an impression of the interior of the house full of light and air, with valuable precious wood, e.g. Walnut doors, and matt marble inside and out.

The quiet residential area Sol de Mallorca is only 15 minutes by car from Palma. A small bay, Cala Bella Dona, is about 10 minutes walk away.
